

ABOUT GRANT ANDERSON

Grant is a seasoned Landscape Architect and Arborist with over 39 years experience in environmentally sensitive site and landscape design. He has extensive experience with recreation, commercial, institutional, single & multi-family residential and municipal Clients. He is involved in the design and construction documentation of all projects as well as maintaining open and transparent communication with all Clients. In his many years, he has led many types of landscape projects: luxury high rise apartments, public parks, single family homes, commercial developments, residential subdivisions, in-fill housing.

Grant is a native Long Islander, raised in Deer Park & Cutchogue, graduating from Mattituck High School. He has a great love and admiration of the natural ecology and environment of Long Island, the bays, LI Sound and the Ocean. He is also novice gardner at his own small house in Wading River.
